Section A – Details of Trust and registration

From 1 September 2022, all new trusts need to be registered online with the Trust Registration Service (TRS) within 90 days of being set up. This includes bare trusts. You can find more information on the TRS and how to register a trust at www.gov.uk/guidance/register-a-trust-as-a-trustee

We require confirmation that the trust has been registered with the TRS before we can accept your application. You can still use our election for bare trust provided at the end of this form to create a trust.

Please ensure you provide the HMRC unique reference number (URN) for the trust below along with the Proof of registration document from the Trust Registration Service (TRS) when you return this form. You can generate this document online within the TRS website.

Please be aware that we are required to check the information for the trustees, donor and beneficiaries on this form matches the proof of registration document. If the information does not match, we will contact you and ask you to update the details held on the TRS and with HMRC. However, we do not know whether it will be suitable for your circumstances and you should seek advice from a suitably qualified professional adviser before creating the trust. In particular, you should seek advice as to whether the trustees should be given any express investment or other powers. We do not accept any responsibility if the trust fails in its purpose.

This form should be kept, together with a copy of the completed Dealing account application, as a record of the trust. The trust will also need to be registered with the Trust Registration Service (TRS) and evidence of the TRS registration should be provided to AJ Bell with the Dealing account application form.
